ABOUT ME

Results-focused and detail-driven Data Analyst with a solid background in data analysis, visualization, and database management. Experienced in deriving insights from intricate datasets to inform strategic decision-making. Proficient in SQL, Python, Excel, and Tableau, with practical experience in data cleaning, transformation, and predictive modelling. Successfully completed industry-standard job simulations by Accenture and Tata Group. demonstrating proficiency in business intelligence and data storytelling. Enthusiastic about applying data to resolve business issues and enhance efficiency. Flexible at working with cross-functional teams and sharing insights clearly. Keen on bringing analytical experience to a forward-thinking organization and informing business choices with data.

PROJECTS

- CHATBOT application using Python Google gemini APIKEY generative AI
- PhonePe Replica using Basic Python Functions
- Insurance Claim Fraud Detection System using Machine Learning
- Parking Management System Using Data Structures Algorithms
- Movie Recommendation System Using IMBD Dataset with Data Analaytics in Python

ACHIEVEMENTS

- Participated in MARIT HACKATHON conducted by St. Martin's Engineering College
- Participated in coding contests on VJudge platform(Rank highest: 39)
- Active Leetcode participant
- inter college cricket team member

EDUCATION

ST. MARTIN'S ENGINEERING COLLEGE
Hyderabad
2023 - 2027

SRI CHAITANYA JUNIOR COLLEGE
Visakhapatnam
2021 - 2023

DELHI PUBLIC SCHOOL
Visakhapatnam
2015 - 2021

SKILL

- Data Analytics
- Advanced java
- Advanced Python
- Data Visualization
- Logical Thinking
- Time Management
- sql
- web development

CERTIFICATIONS

- Data Analytics and Visualization job Simulation program | Accenture- North America
- Data Visualization Job Simulation Program | Tata Group
- Machine Learning Workshop | TechByte, Tinkers' Lab IIT Hyderabad
- Data Science Workshop | Grawth Ninja, Tinker's Lab IIT Hyderabad
- Python Presentation On PhoneRe Replica Application |CCLASH
- Data Science job Simulation program | British Airways
- Python Course for Beginners With Certification: Mastering the Essentials | Scaler
